Hi Mahdi,

Sorry it's taken me a little while to get back to you on this. I love the idea of a scenario-based benchmark for observability tools, it's definitely the right way to go about it in my opinion! I think the tests are very reasonable, and I enjoyed reading your conclusions, I will definitely keep your results in mind...

Hi Yan,

Thanks for your post. I'm passionately looking forward the 3rd part of it. Meanwhile, in my recent blog post, I have benchmarked Serverless observability tools:
